## PART TWO

The following is a highly selective list of science fiction that treats topics relevant to immortality. In preparing this list, I am indebted to Professor George Slusser, Department of Comparative Literature and director of the Eaton Program for Science Fiction and Fantasy Studies, University of California, Riverside. All of the material cited below is available in the Eaton Collection of Science Fiction and Fantasy Literature, Rivera Library, University of California, Riverside. Note that the novels are listed by reference to available editions, not necessarily to initial publication.
