Publications of J. Daniel Hare

Peer-reviewed Journal Articles and Invited Submissions

Hare, J. Daniel and Elle, E. 2001. Geographic Variation in the Frequencies of Trichome Phenotypes of *Datura wrightii* and Correlation with Annual Water Deficit. Madrono 48 (1), 33-37. JSTOR: 41425387

Hare, J. Daniel. 1996. Purification and Quantitative Analysis of Veratridine and Cevadine by HPLC. Journal of Agricultural and Food Chemistry 44 (1), 149-152. DOI: 10.1021/jf9406828.

Hare, J. Daniel. 1984. Suppression of the Colorado Potato Beetle, Leptinotarsa decemlineata (Say) (Coleoptera, Chrysomelidae), on Solanaceous Crops with a Copper-Based Fungicide. Environmental Entomology 13 (4), 1010-1014. DOI: 10.1093/ee/13.4.1010.

Hare, J. Daniel and Andreadis, T.G. 1983. Variation in the Susceptibility of Leptinotarsa decemlineata (Coleoptera, Chrysomelidae) When Reared on Different Host Plants to the Fungal Pathogen, Beauveria bassiana in the Field and Laboratory. Environmental Entomology 12 (6), 1891-1896. DOI: 10.1093/ee/12.6.1892.

McIntyre, J. L., Dodds, J. A. and Hare, J. Daniel. 1980. Induced resistance in plants may protect from insects and pathogens. Frontiers of Plant Science 33 (1), 4-5.

Hare, J. Daniel and Futuyma, D.J. 1978. Different Effects of Variation in *Xanthium strumarium* L (Compositae) on two Insect Seed Predators. Oecologia 37 (1), 109-120. DOI: 10.1007/bf00349997.
